EXPERIENCE

FINE ART PHOTOGRAPHER

YEAR: 2017-PRESENT

Photographer with over 10 years experience who enjoys shooting with both film and digital in the tradition of Berenice Abbott, David Vestal, Wijnanda Deroo, Brassai, Henry Callahan, and other documentary photographers, but with a contemplative and metaphysical aesthetic.

Currently working with both digital and analog, my work deals with expression, history, time, mood, place, and absence – both the experience of the now and its dislocation.
